POST-OFFICE NOTICES.

Attention is invited to the following particulars on the subject of Local Delivery :--LOCAL DELIVERY. -- No delivery is attempted on board Ship, at the Peak, Kowloon, Aberdsen, &c., nor at any private house (even though named in the address) when there is a place of business nearer, at which delivery can be effected

The above Regulation is not new, but has been the invariable rule of the Post Office for many years. Considerable efforts have been made to secure its being generally understood. To prevent, however, if possible, any further disappointment in the matter, it will appear permanently on the Mail Lists issued twice every ay from the Daily Press Office.

When Correspondence has been missent or delayed (both of which are liable to happen occasionally) all that the addresses need do is to note on the cover. Sent to _____, or Received at 7 p.m., or as the case may be, and forward it, without any other writing whatever, to the Postmuster-General. This should be acted on the first time cause of complaint occurs; it is a mistake to let such matters pass for fear of giving trouble, a course which generally gives more trouble in the end.

The Postal Guide for 1835, revised to date will be found in he Daily Press Directory. p. 393 large edition, p. 657 small edition. This is the only authorized complete Summary of Postal information published in Hongkong.

The authorised List of Mails issued in connection with this paper is the one published twice each day in our Extra, which is always corrected to a much later hour than that given
